

CAMPDRAFT ONE ON TOUR

Over the last couple of months, the Campdraft One Project Team have been hitting the road, with the purpose built ACA Office Trailer (Office on Wheels), which has been kindly built and sponsored by Supafloats in Warwick.

On June 19 2022, our Project Assistant, Roni, travelled to the Boonah Show Campdraft to meet and assist the Boonah Show Campdraft Committee in using Campdraft One for the first time.

Early Sunday morning, Roni met with Tony Ward, Jeanette Wilson & Margaret Harvey from Boonah as well as members from the Beaudesert and Rathdowney Campdraft Committees. Throughout the day, all secretaries in attendance were extremely patient & eager to learn about Campdraft One and they provided wonderful feedback to the Project Team on how Campdraft One could be refined.

Having Roni attend Boonah was well received, particularly for the secretaries in the South East Zone who had experienced interruptions and postponements to their campdrafts due to the devastating flooding earlier in the year. We look forward to seeing these drafts take place later in this competition season.

On the last weekend of June our Project Lead, Billie, travelled to the Mount Coolon Cowhide Campdraft to assist the secretaries and committee in using Campdraft One for the first time, as well as navigating the platform's use offline. Over the three day event, Billie met with secretaries from Twin Hills, Springlands, Whitsunday & Alpha to discuss the functionality of Campdraft One for their event and what type of support they could expect if they were to use Campdraft One for their event in the future. The weekend at Mount Coolon highlighted further areas for improvement, and some great feedback was received from the secretaries in attendance.

In July, Billie & our Operations Manager, Gabrielle, attended the Cloncurry Stockman's Challenge and Campdraft. While in their travels, the pair noted the wonderful season that the Western and Northern Zone graziers were experiencing, highlighting the generosity of the cattle donors to our sport.

Rolling into the Cloncurry Equestrian Centre, Billie and Gabrielle were greeted by the Cloncurry Stockman's Challenge & Campdraft Secretary, Kim Robertson and she directed them to where they could set up the ACA Office On Wheels in preparation for the coming six days of challenging and campdrafting.

During this event, secretaries from several Northern Zone campdraft committees visited the ACA Trailer to discuss Campdraft One. Rach Hoolihan from Sedan Dip came well

The ACA Office Trailer (Office On Wheels) is a great asset to us, allowing us to continue to promote our sport and network with our members & committees. Thank you again to Supafloats for your sponsorship!

Discussing Campdraft One with secretaries at the Cloncurry Stockman's Challenge and Campdraft.

prepared with a laptop and extensive notes, ready to ask questions specific to the upcoming Sedan Dip Campdraft. Later in the afternoon, Zoe Searle & Patrice Elliott popped by the Trailer and settled in for a couple of hours. During this time, several questions, concerns and ideas were raised. The conversation continued past sunset, which provided an opportunity to delve into the functionality of Campdraft One and a chance to demonstrate how to complete tasks as a member or secretary.

For ACA and the Project Team, being on the road over the past couple of months has been a great highlight and a pleasure to be out & about meeting the wonderful people involved in our sport. Our time on the road will continue over the rest of this competition season and we look forward to catching up with you all somewhere along the way. If you see

us at a campdraft we invite you to come & see us and have a chat about Campdraft One – if there is anything the team can help you with, we would be pleased to help!

Throughout our travels we have been taking feedback and suggestions from members & secretaries, no matter how big or small a request we have been sure to note them down. We would like to thank the committees and secretaries who have utilised Campdraft One this competition season so far and we greatly appreciate your feedback on the functionality of the platform. Please be assured your suggestions have been noted and will be presented at the upcoming Management Committee Meeting in early August. We hope to be able to accommodate your requests for enhancements in the future.
