

## Required Photos For National Finals

**Note:** Regardless of the wording below, all Line Up photos of the winners after the drafts and at the Horse and Rider Title presentations, must include the sponsors. All photos must be taken with the sponsors representative & the awards provided except when stated 'Winner Only Photo'. The 'Winner Only Photo' is to be taken with all the awards but not include the Sponsor themselves. The latter is the only exception to not having a sponsor representative in the photo.

Please ensure that all photos are captioned with who is in it and what event it is from (for example Open Final or Competitors BBQ).

As per *EXT021 National Finals Policy*, the photographer will supply ACA with the completed photographs within three (3) business days of the event being finalised. ACA may request photos earlier that are required for Social Media or News Articles.
